### Lutheran Church Notes

DAKOTA CITY-SALEM  
REV. C. R. LOWE.

On Sunday May 26 there will be celebrated at Salem the holy communion and there will be confirmation. We had hoped to have this on Whitsunday, but could not on account of Mr. Weller being here. He will be here May 19. We will be very much interested in both of these services, especially the first mentioned. The late day for confirmation plays into our hand because we need the time to finish our catechism study.

The communion service will be held at Emmanuel and Homer May 9.

The pastor did not go to Hubbard last Sunday because of the muddy roads. This point can not be served from Dakota City so well as Homer because there is no train service to use when bad roads prevail.

The Salem Ladies' Aid spent a pleasant afternoon at the home of Mrs. E. M. Blessing last Thursday. Emmanuel Ladies' Aid spent Wednesday afternoon at the parsonage. Both circles have become ladies' aid to the Red Cross.

Emmanuel's Missionary society will meet next Thursday at Mrs. A. T. Haase's, at 2:30. This should be more largely attended because it is specifically the work of the church.

No one ought to think that because they persist in not considering God's claims upon them that they will escape and come out all right somehow. Who would attempt to run a store or farm that way. The fact is every man is considering the matter every day. If we do not think on the subject of God's claim, God counts that as a rejection and a denial. There is no such thing as a refusal to consider. There is with men, but not with God. Paul speaks in Romans of some who "Refuse to have God in their knowledge," that those who will not think of him and his claims upon them, and their duty to him.

And don't we have a lot of people like that, who never think of their duty to God and that they must some day stand before him for judgment? They know it, but dismiss it from them. He speaks further concerning these people, "God gave them up to a reprobate mind to do those things which were not fitting, . . . they that practice such things are worthy of death." And don't you ever think but what they will get it. God isn't put off that way. If any man refuses to be an heir to the kingdom of God he thereby chooses to be an alien and must pay the price for what he chooses. No sir, you can't escape the matter by refusing to think about it. Do not deceive yourself with that idea. Know this, that God will demand a consideration of you. You better consider it now with favor.

### M. E. Church Notes.

F. J. AUCCOCK, Pastor.

Next Sunday morning the subject of the sermon will be "The Church and the World War." We know much of the work of the Red Cross, Y. M. C. A., etc., but few know anything of the work the church is doing and must do. We hope to speak along lines that will help to stimulate interest in the problems the church is trying to face and solve. Evening preaching service at 8 o'clock when the pastor will preach.

We are glad at the instant response of several members to the letter on benevolences. In each case so far the promise has been an increase on last year's gift. We would urge that everyone return their cards as soon as possible in order that the benevolence secretary may know just how we will stand this year. It is easier to make up any deficiency now than to have to rush it in the last few minutes before conference. Even though you do not wish to pay until September 1, you should hand in your card. Next Sunday morning will be a good time—just drop it in the collection basket.

Eyes tested and glasses fitted at G. F. Broyhill's.

The state of Nebraska leads them all by a big margin in the sale of war savings stamps. Up to April 1st a total of \$4,343,991.81 had been purchased, with a per capita of \$11.06. One tenth of the entire amount thus far comes from Nebraska.

Leo Kolpin, of Aurelia, Iowa, was of the opinion that age was immaterial to obtaining a marriage license in Dakota City. With tears in his eyes he inquired which was the closest, Pender or Ponca, after telling the judge that his age was 20, and having been refused a license. He gave a sly wink through his tears as he left the judge's office and said, "I am going to age mighty fast in the next 30 miles."

It is earnestly requested that any one who may know of others now in service who have attended the Dakota City school report their names to members of the junior class or to the superintendent that they too may be represented with a star.

### County Agent's Field Notes

BY C. R. YOUNG.

May 4th has been set aside by the state as barberry eradication day. The government asks that the purple and common varieties be destroyed as it is a well known fact that the rusts of oats and wheat pass one stage on these varieties. In 1916, the loss to wheat alone was \$200,000,000. Help conserve food by destroying the pest. The smaller Japanese variety does no harm.

Soy beans are being tried for the first time this year by H. E. Brown, Wm. Berger, P. F. Culbertson, Geo. Bates, C. C. Beernan, A. W. Heikes, S. A. Mason, Herman Ebel, Pierce Wilson, and O. Legg. These men are planting them with corn intended for hogging down. They will be planted with the corn at planting time. Being a legume they will help to balance the corn for feed. A bushel mixed with the corn plants ten acres.

Those who will assist the county agent in getting farm labor during the year are S. A. Stinson, Dakota City; Clint Manning, South Sioux City; Jackson State Bank, Jackson; George Timlin, Hubbard; Homer State Bank and Security State Bank, Homer; Nacora State Bank, Nacora; Carpenter's store, Willis; J. C. Duggan, Goodwin, and H. H. Stoltz, Emerson. If in need of help or work apply to those men, they will be glad to assist you.
